

## World Mission Rosary in Plastic Cups

### Materials Needed:

- 26 White plastic cups
- 12 Blue plastic cups
- 12 Red plastic cups
- 11 Yellow plastic cups
- 11 Green plastic cups
- Chain link fence

We used 16  
ounce cups  
for our fence.  
Your size  
may differ.

1. Insert cups through fence so that the bottom of the cup is facing the viewer. The cups can be squeezed a little bit for ease of insertion—not too much or they may crack!
2. Use eleven white cups to form the cross, then one of each color for the first Our Father and three Hail Marys.
3. Use four white cups to form a square “medal”.
4. Insert ten green cups for the Hail Marys for Africa, leave a space, then use a green cup for an Our Father.
5. Repeat this pattern with red cups for the Americas, white cups for Europe, and blue cups for Oceania.
6. Finish with ten yellow cups for the Hail Marys for Asia.
7. Gather your students to pray for the missions!

\*Free brochures in English and Spanish explaining not only the World Mission Rosary but how to say the rosary itself can be obtained from the Missionary Childhood Association office.
